Camel Riding

Location: Kommetjie

Time: 12:00 pm -16:00 pm

Duration: 5 Minutes - 8 Minutes /out ride 45 Minutes

Only destination around Cape Town where you could ride a camel, either for a short roundabout experience, or a longer ride through a tranquil natural area with stunning views. If you think camel riding is like riding a horse, you really should try it. Just getting off the ground is an experience. And once those two front legs finally rise after you’ve been tipped forward by the rear ascent, you’re two meters up and in for a jerky saunter.
